September 21, 2020

- *Get post-match updates and analysis by Harsha Bhogle- just ask "Alexa, what happened in yesterday's match?"*
- *Explore cricket trivia, live scores, player stats, game schedule and more with Alexa*

Armed with all the knowledge on the upcoming cricket season, Alexa is ready with the latest updates on teams, players, match schedules and trivia. By using simple voice commands, customers will be able to track live cricket match scores, game schedules, follow their favorite teams and cricketers and more with Alexa.

This year, Alexa will get post-match updates from renowned cricket commentator Harsha Bhogle for all 62 matches, powered by Audible Suno. These reports are a concise 5-minute audio clip providing match highlights and detailed analysis. Reports of previous day matches would also be available on Alexa every morning at 7am IST. Just ask, "Alexa, what happened in the match yesterday?" or "Give me Harsha's match update" to get instant updates.

Customers can get all their cricket updates such as auctions, schedule announcements, new records, date changes, injury updates, stadium changes, and more by just saying "Alexa, what's the cricket score?" or "Alexa, what teams are playing tomorrow?". To get a head start on the matches and test your predictive skills, you can just say "Alexa, open match predictor" and answer questions like who will win the match or who will be the man of the match. The right answers will be revealed on the next day. If you need help in predicting, Alexa has you covered on that as well. Just follow up with questions like "Alexa, what is the batting average of Virat Kohli?", "Alexa, How many sixes has Chris Gayle scored?", "Alexa, what's the required run rate for Rajasthan" or "Alexa, what is the standing of Chennai".

You can also bring the feel of the stadium home this season and celebrate a win or a boundary while watching the match. Just say, "Alexa, Open Cricket Cheer" or "Alexa, cheer for Dhoni". You can also partake in polls and play a quiz to test your knowledge this cricketing season by simply saying "Alexa, open daily cricket trivia". If you are competitive and a true fan of cricket, you can play cricket trivia daily and compete with others like you. Alexa can also help recommend players to include in your fantasy cricket teams by saying "Alexa, who should I pick for fantasy cricket team". You can also take Alexa's help to predict match winners. Just say "Alexa, who will win the match today?" or ask for her favorites by saying "Alexa, which is your favorite T20 team?"
